Submission Checklist for Authors of Data Papers in *Ecology*

See Author Guidelines for details on each element below.

Note: This checklist applies to new Data Paper submissions received in Spring 2026 and later which follow the refreshed data paper format, as outlined in the author guidelines.

- [ ] Formatted **data** according to data formatting guidelines
- [ ] Formatted **metadata** according to metadata formatting guidelines
- [ ] Formatted **README** according to README formatting guidelines
- [ ] Uploaded data, metadata, and README on an open-access repository from the list of suitable repositories (private for peer review or fully published)
- [ ] Formatted **manuscript** according to manuscript formatting guidelines
- [ ] Included **link** to data repository in the Data Availability section of the manuscript
- [ ] Submitted manuscript as “Main document” on ScholarOne
